

STENCIL REMOVER CONCENTRATE 1:20™

A Stencil Remover Liquid
Concentrate

Stencil Remover Concentrate 1:20 is a concentrated liquid stencil remover for fast and thorough removal of direct emulsions, CDF® Direct-Film (capillary film), no-developer indirect system photographic films, and Ulanoline (direct/indirect system stencils) from all types of fabric, including metalized polyester.

Ulanano Total Screen Chemistry products are manufactured to the highest standards in the industry. They are completely compatible with all Ulanano stencil systems—Direct Emulsions, CDF® Direct-Films, Indirect System Photographic Films, Knifecut Stencil Films, and Ulanoline® Direct/Indirect Films. Together, they comprise a comprehensive system of screen care and stencil production products for the quality-oriented screen printer. **Ulanano Total Screen Chemistry** products enable screen printers to make consistent, trouble free stencils—every time.

PRODUCT FEATURES

Versatile formulation

Concentrated

Environmentally friendly

Shelf life

BENEFITS

Suitable for all photographic stencil systems (except gelatin-based indirect films)
Can be rinsed with hot or cold water
Can be rinsed with hard water

More economical than ready-to-use stencil removers
Lower shipping and packaging costs

Virtually odorless; classified VOC-free
Biodegradable

2 years (minimum) at 68° F. (20° C.)
